

YOUNG MEMBERS GROUP

Working Day Report – 5th July 2008

On Saturday 5th July the Railway's Young Members Group met at Bitton to carry out a few jobs and learn more about how the Railway operates.

We started the day with a safety talk and an introduction on how the Railway operates. After which we had a brief look around the yard, with a look on the footplate of RSH No.7151. We then split up for a spot of cleaning! Either the RSH or the coaching stock used in many of our trains.

After stopping for lunch, there were a few more carriages to clean before heading up to Oldland Common on the 'Toad'. Stopping there for a bit of a tidy up, before walking the line back to Bitton, clearing rubbish and checking the permanent way.

Before going, one last treat; a look around No.73101, including the engine room and drivers cab. Thanks to all the volunteers who helped with the day and to those Young Members who attended.

Why not join us?

The Young Members Group always looks forward to welcoming new young members. If you are aged between 13 and 16 you can help at the Railway in many ways. Just contact us for more information. To volunteer you will need to have current Trust membership, either individual or family.

For more information contact us; Avon Valley Railway, Bitton Station, Bath Road, Bitton, Bristol, BS30 6HD. Tel: 0117 932 5538. Web: www.avonvalleyrailway.org Email: info@avonvalleyrailway.org
